

BRISBANE TO **BRISBANE**: A SELF GUIDED MOTORCYCLE TOUR

BEST ADVICE - BEST TOURS - BEST BIKES

Brisbane

Brisbane

Capital of Queensland and the state's most populous city, Brisbane has something special to offer just about everyone. Enjoy a lazy breakfast in the 'urban village', embrace the carefree spirit and mingle with the friendly locals, anxious to introduce you to the best of their city.

Satisfy your urge for retail therapy at the iconic Queens Street Mall, relax in one of the many attractive parklands or enjoy something a bit more rugged with a visit to Moreton Bay and accompanying islands.

Sunshine Coast and Noosa

Sunshine Coast & Noosa

This area has one of the most spectacular hinterlands in the country incorporating rainforests, waterfalls, pineapple plantations and the beautiful [Glass House Mountains](#). You could even throw in a visit to the late [Steve Irwin's Australia Zoo](#) to add a true taste of 'Australiana'.

In addition to that, a lovely coastline and upmarket coastal resorts combine to create a region where there truly is, something for everyone.

Fraser Island

Fraser Island

The largest sand island in the world, probably one of the most spectacular and usefully, one of the most accessible. Listed as a world heritage site, Fraser Island is a precious part of Australia's natural heritage.

A place of exceptional beauty, with over 100 crystal clear freshwater lakes ringed with white sand, a main road that is also the beach, a native and ancient dingo population and a host of historical naval relics.

Fraser Island is accessible only by air or sea, but is well worth the effort involved in getting there!

1770

1770

Historical links, excellent beaches, natural beauty - this place has it all! The town of 1770 is really more a picturesque seaside village than a town, surrounded on three sides by water and steeped in history. It is famed as the second landing site of James Cook and the crew of the Endeavour in May 1770, hence the somewhat inspired name for the town.

It's also a great spot from which to visit the Great Barrier Reef and the nearby Lady Musgrave Island. It would seem a crime to come this close and not actually experience the reef in person!

Gayndah

Gayndah

At the heart of Queensland's 'Citrus Country', Gayndah, which was settled in 1849, is the oldest town in Queensland. It offers an authentic country experience with a variety of relaxing and interesting attractions, including the historical museum and a great view of the surrounding countryside from Mount Gayndah. It's a small, friendly sort of place where you can be sure of a good old fashioned country welcome!

The perfect spot to relax awhile before continuing on the tour.

Bunya Mountains National Park

Bunya Mountains National Park

Discover towering mountains blanketed with unbelievably ancient rainforest, unique range-top grasslands, panoramic vistas over the surrounding countryside, colourful and inquisitive bird life and the largest stand of ancient bunya pines in the world. An isolated section of the Great Dividing Range the Bunya Mountains are accessed via steep, winding roads which claw their way up into the mountains, making for a fantastic ride!

If you're lucky, you may encounter Koalas, Echidnas, Possums, Wallabies and any number of other fascinating creatures.

Toowoomba

Toowoomba

A picturesque mountain city, Toowoomba clings to the edge of the Great Dividing Range at an altitude of about seven hundred meters above sea level. This unique position affords the city some breathtaking views of Table Top Mountain and the Lockyer Valley region across to the east. Nicknamed the 'Garden City', there are over 150 public parks and gardens just waiting to be explored in Toowoomba, thanks in no small part to the incredibly fertile volcanic soils that abound in the area.

Warm summers, cool winters and four distinct seasons set Toowoomba apart from most places in Queensland. It's a fantastically relaxing spot to spend the evening after a day of invigorating riding on the roads of the region.

New South Wales Northern Coast

New South Wales Northern Coast

Trace the line of spectacular beaches on the Pacific Coast and call in at relaxed little towns including Coffs Harbour, which possesses the most 'liveable climate in Australia' and some of the finest beaches on the east coast, all set against a spectacular mountainous backdrop.

An incredible coastline dotted with innumerable national parks and stunning vistas.

Byron Bay

Byron Bay

A friendly village atmosphere thanks to its relatively small population of under 5000, beautiful beaches, Australia's most easterly point at [Cape Byron](#) and a host of other delights await at Byron Bay.

It's the perfect place to relax after racking up some kilometres in the saddle. Just don't be seduced by Byron Bay's charm, there's plenty more to come!

The Gold Coast

The Gold Coast

Australia's most visited, fun filled holiday destination and for good reason. Fantastic sun drenched beaches, all the adrenaline pumping theme parks, vibrant, varied nightlife and an unexpectedly beautiful and relaxing hinterland.

If you want it exciting, vibrant and maybe a little busy you've got it. If you'd prefer some stunning vistas and a bit of relaxation then you can have that too! Definitely having your cake and eating it on the beach too!

HOW THINGS WORK - Self-guided tours

Self-guided tours are designed to make it as easy as possible for you to arrange your motorbike tour in Australia.

We take away all the trouble and time needed to research and plan the tour, so you can be confident that you'll make the most of your time, see the best the route has to offer and have somewhere great to stay each night. It makes for stress free days on the bike and leaves you to simply enjoy the freedom of riding, marvel at the scenery and soak up the atmosphere.

Self-guided tour costs generally include the bike, accommodation in good quality 3.5 to 4 star bed & breakfast/ motels/resorts and a very detailed itinerary with maps that will tell you the best biking route and things to see on the way.

We know what works on these trips and the pace has been designed for people that like to make good use of the bike, but also enjoy stopping to admire the spectacular scenery, take short walks to things of interest and enjoy local hospitality with a great coffee or lunch at cafés and restaurants on the way.

A typical day is around 350 km but on some days it might be less and others a little more depending on what there is to see. You won't ride the direct routes between cities and towns as they are fast, straight and have little of interest on the way. They are quick and functional but no fun on a bike! The route we'll take you on has fantastic scenery and you'll twist and wind your way along lesser known back roads through each region along the way.

Prior to the tour you'll be sent a **detailed itinerary and briefing pack** telling you all about the history of each area and things you'll likely see during the trip. This will mean you can read all about the tour and do any additional research you might like to do before arriving in Australia.

We love Australia and want to show you the best of it. We are confident you'll leave with the same passion for the country as we have.

Thanks for your interest in these tours and we hope to share Australia with you sometime soon!
