

**SYDNEY** TO **SYDNEY**: A SELF GUIDED MOTORCYCLE TOUR

**BEST ADVICE - BEST TOURS - BEST BIKES**

# Sydney

# Sydney

Capital city of New South Wales, the site of Australia's first permanent European settlement and one of the world's most beautiful cities. Set on a large harbour it has the natural advantages of walks around the foreshores, spectacular views, bay-side parks, gardens and the architectural magic of the Harbour Bridge and the Opera House.

From this classic starting point in the majestic city, you collect your bikes from our depot before spending the first day riding to, and exploring around the breathtaking New South Wales coastline. A relaxing ride on the first day to ease you into the swing of things, but with plenty to see and do along the way.

Experience the 'Three Sisters', brave the world's steepest railway, tour the valleys and watch the mountains take on their evening hues from the comfort of your balcony back at the accommodation.

# The New South Wales Coast

# New South Wales Coast

More than 30 national parks are scattered around this region of New South Wales, with marine sanctuaries and nature reserves adding to the already incredible variety. Stretching from the Royal National Park near Sydney to Eden in the south, the unspoilt natural beauty of the region makes it a perfect motorcycling destination.

You'll wind your way around the rugged coast, through the verdant national parks and along the outstanding Seacliff Bridge on the Grand Pacific Drive. It's not possible to ride any closer to the ocean without getting wet!

# Kangaroo Valley

## Kangaroo Valley

The town going by the name 'Kangaroo Valley' is a tiny settlement [population about 400], boasting above average numbers of craft shops and art galleries. It's probably something to do with the incredible setting and surrounding environment.

Rich green pastures, sparkling creeks, babbling brooks and smooth flowing rivers are all bordered by some magnificent rock escarpments. Toted by some as the "most beautiful valley in Australia", it has changed very little in the last few hundred years and can boast being occupied at least 20,000 years before European settlement of Australia.

You might see a few kangaroos too of course.

# The Blue Mountains

# The Blue Mountains

A world heritage site since 2000, the Blue Mountains region is a magical place no matter what time of year you visit. Incredible scenery, huge waterfalls, the second largest canyon on earth, Eucalypt draped mountains and hills, cable car rides and fantastic scenic walks.

A stunning backdrop to your motorcycle tour, with some brilliant roads thrown in for good measure. By bike is definitely the best way to truly immerse yourself in the Blue Mountains.

# Hawkesbury River Valley

# Hawkesbury River Valley

Stretching from the Hawkesbury River to the heartlands and fertile plains around the foothills of the Blue Mountains, the Hawkesbury River Valley offers up some spectacular motorcycling opportunities.

The route twists through incredible national parks, stunning countryside and over picturesque bridges. Lovely, convenient picnic spots and riverside communities offer plenty of opportunities to explore out of the saddle too. Winding roads and winding rivers provide plenty of opportunities to wind down and enjoy a more leisurely pace of life.

# The Hunter Valley

## The Hunter Valley

Ride along a sweeping, sinuous back road past the vistas and gorges of the [Wollemi National Park](#) to the welcoming crush of an embrace from the Hunter Valley. Vintage heart of Australia's wine production, most people end up not wanting to leave!

Overnight a brief ride away from some of the most famous restaurants and wineries of the region, you could even arrive early and go on a wine tasting tour or save it for a relaxed evening out amongst the vines!

Amazing wines, fabulous local produce & quality restaurants, quaint galleries showcasing talented local artists and some unparalleled scenery. Epic.

# HOW THINGS WORK - Self-guided tours

Self-guided tours are designed to make it as easy as possible for you to arrange your motorbike tour in Australia.

We take away all the trouble and time needed to research and plan the tour, so you can be confident that you'll make the most of your time, see the best the route has to offer and have somewhere great to stay each night. It makes for stress free days on the bike and leaves you to simply enjoy the freedom of riding, marvel at the scenery and soak up the atmosphere.

Self-guided tour costs generally include the bike, accommodation in good quality 3.5 to 4 star bed & breakfast/ motels/resorts and a very detailed itinerary with maps that will tell you the best biking route and things to see on the way.

We know what works on these trips and the pace has been designed for people that like to make good use of the bike, but also enjoy stopping to admire the spectacular scenery, take short walks to things of interest and enjoy local hospitality with a great coffee or lunch at cafés and restaurants on the way.

A typical day is around 350 km but on some days it might be less and others a little more depending on what there is to see. You won't ride the direct routes between cities and towns as they are fast, straight and have little of interest on the way. They are quick and functional but no fun on a bike! The route we'll take you on has fantastic scenery and you'll twist and wind your way along lesser known back roads through each region along the way.

Prior to the tour you'll be sent a **detailed itinerary and briefing pack** telling you all about the history of each area and things you'll likely see during the trip. This will mean you can read all about the tour and do any additional research you might like to do before arriving in Australia.

We love Australia and want to show you the best of it. We are confident you'll leave with the same passion for the country as we have.

Thanks for your interest in these tours and we hope to share Australia with you sometime soon!

Mark
